CAMBRIDGE HEALTH ALLIANCE

Our mission is to improve the health of our communities.

Cambridge Health Alliance

A COMMUNITY OF CARING

Cambridge Health Alliance includes The Cambridge Hospital, Somerville Hospital, Whidden Memorial Hospital, and more than 20 primary care sites.

PSYCHOLOGY

The Department of Psychiatry offers comprehensive mental health services designed to evaluate and treat people with medical and psychological problems, developmental impairments, learning, emotional or behavioral disorders, and/or addiction concerns. Inpatient psychiatric services provide intensive, short-term evaluation and treatment in observation beds and secure wards. Acute treatments are also available via partial hospital programs.

Outpatient offerings include psychiatry, behavioral medicine and individual or group psychotherapy, as well as specialty programs according to patient age, language and clinical need. Age-specific programs are available for children, adolescents, adults and the elderly.
