CAMBRIDGE HEALTH ALLIANCE

Our mission is to improve the health of our communities.

Cambridge Health Alliance

A COMMUNITY OF CARING

Cambridge Health Alliance includes The Cambridge Hospital, Somerville Hospital, Whidden Memorial Hospital, and more than 20 primary care sites.

INFECTIOUS DISEASE

The Division of Infectious Disease offers consultation on infectious disease problems such as chronic fever, chronic skin infections, lung infections, urinary tract infections, fungal infections, bone and joint infections, tuberculosis, central nervous system infectious disorders, HIV infection and endocarditis. They are also skilled in understanding persistent infections that do not respond to conventional antibiotic treatments. Infectious Disease specialists are available at all three hospital campuses.

Services:

- Consultation for infectious disease diagnosis and treatment
- Comprehensive case management and care for TB and HIV
