CAMBRIDGE HEALTH ALLIANCE

Our mission is to improve the health of our communities.

Cambridge Health Alliance
A COMMUNITY OF CARING

Cambridge Health Alliance includes The Cambridge Hospital, Somerville Hospital, Whidden Memorial Hospital, and more than 20 primary care sites.

VASCULAR SURGERY

Cambridge Health Alliance has built a top Vascular Surgery team that offers advanced care for all types of vascular disease. Under the leadership of Dr. Moon Kwoun, the Alliance has recruited new surgeons with endovascular skills and has built a new endovascular suite with state-of-the-art imaging equipment.

Our vascular team has unique skills in the treatment of carotid artery disease, abdominal aortic aneurysms, and peripheral vascular disease.

Endovascular surgery occurs when the doctor performs the procedure inside the blood vessel using a small opening, typically in the leg, rather than the traditional open surgery. This technique damages less tissue, and allows for faster recovery times.

Our Services:

- Carotid Artery Disease Screening and Treatment
- Endovascular Treatment of Peripheral Vascular Disease (PVD)
- Endovascular Treatment of Abdominal Aortic Aneurysms (AAA)
- Removal of Varicose Veins
- Treatment of Leg Ulcers
- Vein Grafts
- Therapeutic Catheter Insertion
- Treatment for the full range of vascular disease
- For appointments call: 617-665-2555

Moon O. Kwoun, MD

Chief of Vascular Surgery

Cambridge campus
 1493 Cambridge Street
 Cambridge, MA 02139
