Cambridge Health Alliance  
**A COMMUNITY OF CARING**

Cambridge Health Alliance includes The Cambridge Hospital, Somerville Hospital, Whidden Memorial Hospital, and more than 20 primary care sites.

**UROLOGY**

Urology (Bladder and Kidney)

The expert Urology team provides diagnostic and surgical services for the genital and urinary systems. Common patient concerns include cancer, incontinence (inability to hold urine), and sexual issues. Patient care is given in a supportive respectful environment. The Urologists are also committed to the Healthy People 2010 goal of reducing deaths due to prostate cancer through testing and early treatment.

In August 2004, a well known Urology team from Boston joined our staff. We are pleased that these surgeons are able to provide our patients with even better care and shorter wait times!
