COSMETIC MEDICINE

At the Cambridge Cosmetic Center, we provide a wide range of services that help you look and feel your best. We know that each person is different, so we work with you to create personalized treatments that deliver the best possible results.

The Center's approach to patient care is to provide exceptional cosmetic services which are convenient and confidential. Because many people want enhancement without having surgery, we also offer minimally invasive procedures and take extra care to minimize discomfort.

Our staff of Harvard affiliated experts - from the fields of Dermatology, Otolaryngology, Plastic Surgery, and Vascular Surgery - use advanced cosmetic techniques and the latest procedures. Their knowledge will help you make an informed decision, and their skills will allow us to meet your expectations.

We have two convenient locations. Cambridge campus, 1 mile from Harvard Square, and Whidden campus, just minutes off Route 16. We look forward to seeing you at our beautiful facilities.

Some of the services we provide are:

- Medical Glycolic Peels
- Plastic and Cosmetic Surgery Consults
- Varicose and Spider Vein Treatments
- Restylane
- Radiesse
- Botox

Cosmetic procedures are typically not covered by health insurance. For your convenience we accept payment by MasterCard, Visa, American Express and personal checks and cash.
